

## RETURNS:

If you don't like it, send it back, **insured**. Buyer pays shipping costs both ways.

This will not apply if the pen has been inked or dipped and the listing has the note "Not returnable if dipped or inked", as some near mint item's values would be greatly diminished if they get ink inside of them when perfectly clean.

Nor will a return be accepted if the item has been damaged, "worked on" or disassembled more than is done for normal use, or otherwise modified from the state it was in when sent to the buyer.

We will not pay or reimburse customs fees, duties, foreign taxes, or any fees levied by a foreign government.
